

Our goal for 2019 is to develop our member's relationship with the financial services market.

JULY 2019

**Build Financial Solutions**

## SAVE THE DATE

On August 15, 2019 the Back to School Club Loan will be made available for disbursement to your credit union account via online banking or the mobile app.

If you have not had this loan in the past and would like to apply, go to our website, [www.pepco.fcu.org](http://www.pepco.fcu.org), click on the "Phone" under the "Latest News" section, choose "Signature Loan" and fill out the simple application. Also, please send two most recent paystubs via fax to 202-872-3262 or email to [snealious@pepcofcu.org](mailto:snealious@pepcofcu.org).

The qualifications remain the same, with full direct deposit of your salary to a credit union account to be in place for at least two months, a club savings account, and a good history with the credit union.

### Remote Deposit Capture NOTICE:

When making a deposit by RDC, please be sure to place the following endorsement on the back of your check: "For Mobile Deposit to Pepco Federal Credit Union".

## CYBERSECURITY TIPS FOR TRAVELERS

### Before You Go

- **Update your mobile software.** Treat your mobile device like your home or work computer. Keep your operating system software and apps updated, which will improve your device's ability to defend against malware.
- **Back up your information.** Back up your contacts, photos, videos and other mobile device data with another device or cloud service.
- **Keep it locked.** Get into the habit of locking your device when you are not using it. Even if you only step away for a few minutes, that is enough time for someone to steal or destroy your information. Use strong PINs and passwords.

### While You Are There

- **Stop auto connecting.** Disable remote connectivity and Bluetooth. Some devices will automatically seek and connect to available wireless networks. And Bluetooth enables your device to connect wirelessly with other devices, such as headphones or automobile infotainment systems. Disable these features so that you only connect to wireless and Bluetooth networks when you want to.
- **Think before you connect.** Before you connect to any public wireless hotspot - like on an airplane or in an airport, hotel, train/bus station or café - be sure to confirm the name of the network and exact login procedures with appropriate staff to ensure that the network is legitimate. Do not conduct sensitive activities, such as online shopping, banking, or sensitive work, using a public wireless network. Only use sites that begin with "https://" when online shopping or banking. Using your mobile network connection is generally more secure than using a public wireless network.
- **Think before you click.** Use caution when downloading or clicking on any unknown links. Delete emails that are suspicious or are from unknown sources. Review and understand the details of an application before installing.
- **Guard your mobile device.** To prevent theft and unauthorized access or loss of sensitive information, never leave your mobile devices - including any USB or external storage devices - unattended in a public place. Keep your devices secured in taxis, at airports, on airplanes, and in your hotel room.

### \*\*\*\*\*SPECIAL CD RATE LIMITED TIME OFFER\*\*\*\*\*
